ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: ARYL-SUBSTITUTED POLYINDENOFLUORENES FOR USE IN ORGANIC ELECTROLUMINESCENT
DEVICES

(57) Abstract: The invention relates to organic semiconductive polymers comprising a new backbone system, monomers for the
preparation of such polymers, methods for the preparation of such polymers and the use of such polymers in organic optoelectronic
devices.

WO 2004/041901 A1

Summary**Polymers for use in organic electroluminescent devices**

- The invention relates to organic semiconductive polymers comprising a new backbone system, monomers for the preparation of such polymers, methods for the preparation of such polymers and the use of such polymers in organic optoelectronic devices.
- 5
